

FS Pulse Jet Baghouse Dust Collectors and Bin Vents

Economical solutions for dust collection and bin venting applications.

- Side filter bag removal allows for installation in low headroom applications.
- All-welded construction provides increased durability and air/water integrity.
- Integral fan option up to 75 hp helps to reduce space requirements.
- Unique cleaning system minimizes moisture and particulate issues in pulse valves.
- Collectors with up to 225 filter bags require only one dirty air inlet, one clean air outlet, and one hopper, resulting in reduced ducting and hopper outlet costs.

Pulse Jet Baghouse Dust Collector
with integrated fan, silencer
and dumpster discharge**

**25FS8 Bin Vent
with integrated fan**

FS Pulse Jet Baghouse Dust Collectors and Bin Vents

Dura-Life™ Filter Bags — A breakthrough for bag users.

Dura-Life™* polyester filter bag media is engineered with a unique hydroentanglement process that uses water to blend the fibers, which creates a filter bag that has smaller pores, better surface loading and better cleaning. For this reason, Dura-Life filter bags provide:

- Two to three times longer filter bag life
- Fan energy savings due to lower pressure drop
- Reduced maintenance and replacement filter bag costs due to fewer bag changeouts
- Thirty percent fewer emissions based on EPA tests

Dura-Life Bag-Clean Air Side

Polyester Bag-Clean Air Side

These photos were taken with a scanning electron microscope of bag media used in a collector that was filtering fly ash. The bags were removed after 2,700 hours of use. Air-to-media ratio was 4.5 to 1. Pressure drop after 2,700 hours of operation was 6 in. on polyester bags and 2 in. on Dura-Life.

Dimensions & Specifications

* Dura-Life bags are made with Durapex® media manufactured by Polymer Group, Inc.

FS Pulse Jet Baghouse Dust Collectors and Bin Vents

Standard Features & Equipment Options

		Standard	Optional
Collector Design			
Side Bag Removal		X	
All-Welded, Carbon Steel Construction, 12 Gauge		X	
Rated 17-inch Water Gauge		X	
Compressed Air Manifold with Drain		X	
Flanged Clean Air Outlet		X	
High Performance Venturis		X	
Easy-Lift Lifting Ears		X	
Integrated Exhaust Weatherhood			X
Service Platform and Ladder			X
Stainless Steel Construction			X
Factory Mounted Direct Drive Fans with Outlet Hood and Birdscreen			X
High Performance Fan Silencer			X
Slide Gate Fan Damper			X
Shaving Control System (SCS)			X
Filter Bags and Cages			
Dura-Life Twice the Life Polyester Bags		X	
Stainless Steel Bag Clamps		X	
Galvanized Cages		X	
Variety of Bag Media Options			X
Paint System			
Prime Coated Interior		X	
Liquid Alkyd Finish Exterior		X	
Standard Colors: Torit Blue or Storm White		X	
Special Colors			X
Hopper Design (Not available on Bin Vent)			
60° Hopper		X	
Flanged Dirty Air Inlet		X	
Inlet Deflector		X	
Flanged Hopper Discharge		X	
Hopper Access Panel		X	
Coupling for High Level Indicator		X	
High Level Indicator			X
Hopper Discharge (Not available on Bin Vent)			
Dumpster Discharge with Pneumatic Lid and Controls			X
Rack and Pinion Gate			X
55-Gallon Drum Cover			X
Various Rotary Valve Options			X
Support Structure (Not available on Bin Vent)			
36" Clearance Leg Pack		X	
Custom Clearance Leg Packs			X
Electrical Controls, Gauges and Enclosures			
Goyen Diaphragm Valves		X	
120V Timerboard and Solenoid Valves in NEMA 4 Enclosure		X	
Magnehelic®* Gauge		X	
Photohelic®* Gauge			X
Photohelic Gauge (Weatherproof)			X
Delta P Control Panel without Timer			X
Safety Features			
4x4 Bag Safety Grid (bin vent units only)		X	
Sprinkler Access Ports			X
Sprinkler Pack Assembly			X
Explosion Vents			X
Warranty			
1-Year Warranty		X
